Kind Attention : The honourable Mr Tony Blair
The Prime Minister of Great Britain

Your Excellency

On behalf of the boards , Members , and me , Would like to
Announce that , AALP is strongly condemning the Thursday's
Tragedy , The terrorists have attacked indiscriminately the
Innocents with the idea of creating violence in London and in
The other parts of the World .

London is home to 3000 , Ahwazi and they believe that
British capital is their second home and a place of refuge
Thus all Ahwazi who lives in The UK and in any other
Part of the world are condemning the Thursday attacks
And would offer their condolences to the victims family
And the British people .

We are sure the British Government and the international
Community would succeed in bringing the terrorists to
Justice for a severe punishment very soon .

Wish you and your respected Government all the success

Yours Truly
